

Recognizing Fraction Game

Prep Work -

- Print off game boards and fraction models
- Cut out fraction models
- Grab at least 4 rhombuses and 4 trapezoids from your pattern blocks.
- **Directions:**
 - Place fraction cards face up. Player one may choose whatever model they want. They will then cover up whatever fraction represents the model. Player two then has his turn and proceeds to do the same.
 - The game ends when someone has three in a row or all the spaces are covered up.
- Clip Art by [MissDierking](#) and [At The Core](#)

Fraction Recognition Game

$\frac{1}{2}$	$\frac{1}{3}$	$\frac{3}{4}$
$\frac{1}{8}$	$\frac{2}{3}$	$\frac{6}{5}$
$\frac{1}{6}$	$\frac{2}{5}$	$\frac{1}{5}$
