

Directions:

Each player gets a number puzzle card that has been laminated. They should fill in the blank squares on their card with a dry erase marker. Once they have filled in the card correctly they may cover up a number on the hundreds chart. The number they choose to cover up must be one of the numbers they wrote on their number puzzle. It may not be the number that is typed in.

The first person to get five in a row wins.

YOU MAY...

Print as many copies as you would like for your OWN personal use

Save this file on YOUR computer

Share on a blog, facebook page, ect as long as there is a direct link to You've Got This

PLEASE DO NOT...

Make copies to give to your fellow teachers or friends. Please share the link with them so they can download their own personal copy.

Save to any file that can be accessed by anyone besides you. This includes dropbox, 4shared, facebook groups, shared drives, ect

E-mail just the PDF

Claim this printable as your own

Post just the PDF on your blog, facebook page, ect

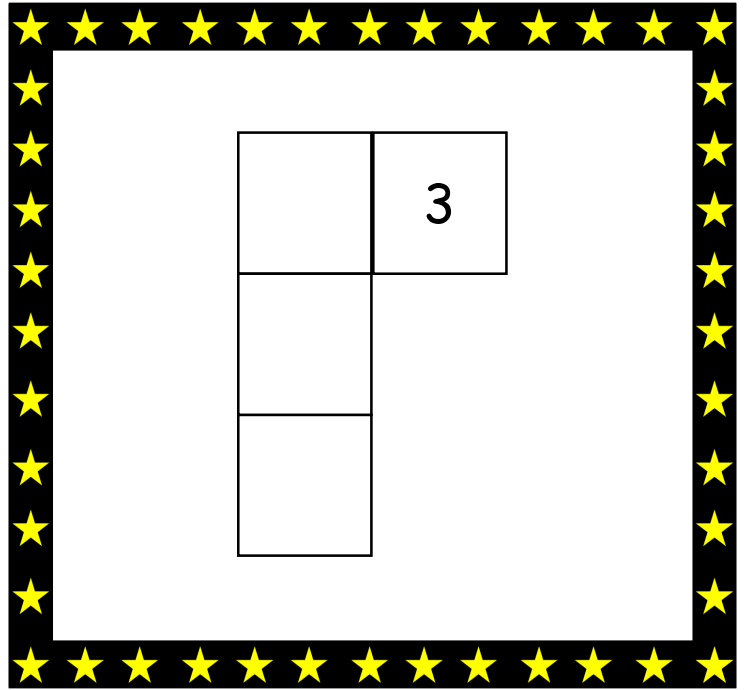

Sell or profit in any way from the PDF
