FREE Additon Facts Practice

Ornament Addition Fact Practice

Prep Work –

1. Print off 1 game board per person and the spinner that matches the game board. Printing off the spinner on cardstock paper and laminating it will help it last longer.
2. Gather up a pencil, paperclip, and crayons.

Directions –

1. Give each player a game board, Players may have different game boards as long as they have the spinner that matches their game board. (If playing as a game, make sure that they are taking turns spinning.)
2. Players take turns spinning and solving the problem.
3. Once the player solves the problem, they look on their game board to find an ornament that has that number on it. The player may then color in that ornament.
4. The first person to color in all their ornaments is the winner.
