Multiplying Fractions

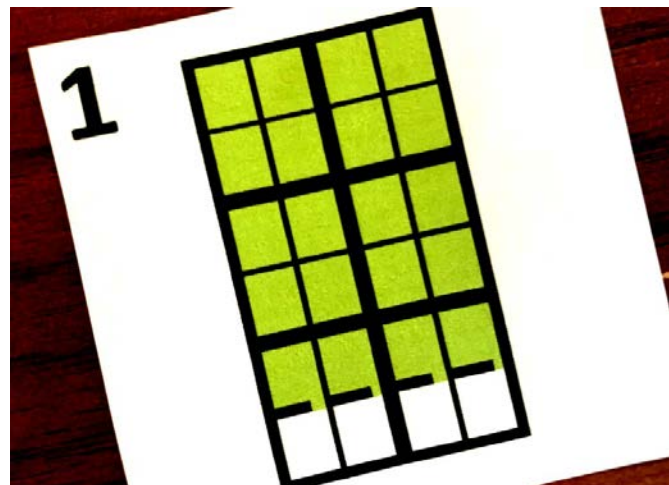

Prep - Work

1. Print off task cards, cut out and laminate.
2. Print off the record sheet.
3. Provide Gum Drops.

How To Play

1. Children fill in the grid with Gum Drops. For example, they might fill in $\frac{1}{2}$ with red and then $\frac{1}{3}$ of the grid with purple. They then create a fraction for the part of the grid that has two Gum Drops in the square.
2. They then write that answer on the record sheet.
