

Money Riddles

Problem 1

- I am more than a nickel and less than 10 cents.
- I have 3 coins, of which 2 are the same.
- Who am I?

Problem 2

- I have more than 1 coin but less than 3 coins.
- One of my coins is a dime.
- Also, I am more than 5 cents.
- Who am I?

Problem 1

- I have two coins, one is a dime, and all are different.
- I am less than 12 cents.
- Who am I?

Problem 2

- My coins are not all the same.
- I have more than 6 cents and no pennies.
- And I am worth more than a dime.
- Who am I?

Problem 1

- I am more than a dime and less than 20 cents.
- Two of my coins are the same.
- I make an odd amount of money.
- Who am I?

Problem 2

- I don't have three coins and make an odd amount of money.
- I am less than a quarter, and my highest-value coin is a dime.
- Who am I?
