Worksheet for Sorting Money Collection from Picture Graph

Four boys sold popcorn for two weeks. The list below shows how much money was collected by each boy.

William- \$50

Evelyn- \$40

James - \$45

Ava - \$65

Use the information from the list to complete the chart and answer the questions.

Name	Money collected
William	
James	
Evelyn	
Ava	

Each  = 5 Dollars

1. How much money did the boys collect in all?
2. How much more money did James collect than Evelyn?
3. Which two boys sold a total of \$110 of popcorn?
4. Who sold more popcorn than William, but less than Ava?
