

Tringle Facts

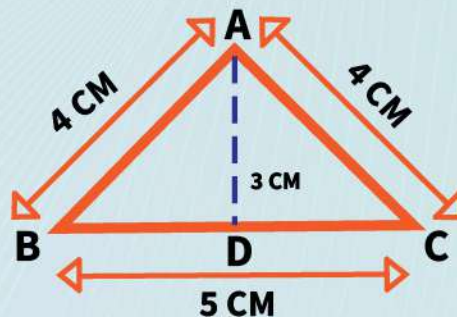

A tringle is a two dimensional shape with three straight sides and three angles.

Area: Square units of space inside a shape.

$$\begin{aligned}\text{So, Area ; } A &= \frac{1}{2} \times \text{base} \times \text{height} \\ &= \frac{1}{2} \times 5 \times 3 \\ &= \frac{15}{2} \text{ square CM} \\ &= 7.5 \text{ square CM}\end{aligned}$$

Perimeter: The distance around a Shape.

$$\begin{aligned}\&, \text{ Perimeter ; } P &= \text{Addition of length of their sides} \\ &= S_1 + S_2 + S_3 \\ &= (4+4+5) \\ &= 14 \text{ cm}\end{aligned}$$
