

Use Ten Frames

You and your little sister went to buy some cotton candies. It will cost \$10 to buy all the candies. You have \$7 with you. Your sister provided the rest of the money to buy the candies. How much has your sister contributed?

				10

$$\square + 7 = 10$$

Draw ten frames and mark the whole that is 10

○	○	○	○	○
○	○			× 10

$$\square + 7 = 10$$

Place the value of given addend that is 7

○	○	○	○	○
○	○	1	2	3 × 10

Count number of frames to cover

$$3 + 7 = 10$$

So, your sister has contributed \$3.
