

3 Digit Subtraction Treasure Hunt

A winding path made of brown segments with white dashed lines. The path starts at step 1 on the left and ends at step 14 on the right. There are four closed treasure chests at steps 3, 7, 9, and 13. At the end of the path, at step 14, there is an open treasure chest filled with gold coins and a pearl necklace. The numbers 1 through 14 are in circles along the path.
