

Color the Pencils Game

Instructions

- **First, gather all the children and sit down with them.**
- **Then, divide them into two groups.**
- **After that, give them the worksheets. Every worksheet will have 5 equations written on 5 pencils.**
- **The students will find the missing addend subtractions and then color the pencils.**
- **The teacher will help them with how to find missing addend subtraction.**
- **The group that finishes the task first, will win the game.**
