

# Color the Pencils Game

1. First, gather all the children and sit down with them.
2. Then, divide them into two groups.
3. After that, give them the worksheets. Every worksheet will have 5 numbers written on 5 pencils.
4. The students will find the prime factors of a number and then color the pencils.
5. The teacher will help them how to find the prime factors of a number.
6. The group that finishes the task first, will win the game.
