

Color the Correct Operation

- 1. This game is also as like as the second one.**
- 2. After gathering the children, give them the activity sheet.**
- 3. There are 4 wheels in the sheet. The middle circle of the sheet is showing the result. Children will find out the correct operations result in that number.**
- 4. Lastly the children will color the right portion of the expressions. You can select the color to them.**

Color the correct operation
