

# Leaves and Branches Instructions

- Teachers will have the worksheets.
- The teacher will tell a question like- a tree has 10 leaves. It has 5 branches. How many leaves does every branch have?
- Students need to find the values of leaves.
- The first one who can give the answer will be the winner.

# Leaves and Branches

$$36 \div \text{leaf} = 8$$

$$80 \div \text{leaf} = 20$$

$$\text{leaf} \div 2 = 6$$

$$70 \div \text{leaf} = 2$$

$$21 \div \text{leaf} = 3$$

$$\text{leaf} \div 4 = 36$$

$$\text{leaf} \div 4 = 60$$

$$64 \div \text{leaf} = 4$$

$$30 \div \text{leaf} = 15$$

$$80 \div \text{leaf} = 2$$
