

Here are some objects on the worksheet. Can you sort and give them number from 1 for the smallest to 5 for the biggest?

Sorting row 1: Five purple hearts of different sizes. Each heart has a face and is followed by an empty square box for numbering.

Sorting row 2: Five tacos of different sizes. Each taco is followed by an empty square box for numbering.

Sorting row 3: Five green apples with faces and arms of different sizes. Each apple is followed by an empty square box for numbering.

Sorting row 4: Five mushrooms of different sizes. Each mushroom is followed by an empty square box for numbering.

Sorting row 5: Five candy canes of different sizes. Each candy cane is followed by an empty square box for numbering.

Sorting row 6: Five square cookies with faces of different sizes. Each cookie is followed by an empty square box for numbering.

Sorting row 7: Five red starfish of different sizes. Each starfish is followed by an empty square box for numbering.

Sorting row 8: Five red and white striped candies of different sizes. Each candy is followed by an empty square box for numbering.
