Directions

NEEDED:

1. Game board printed on different colored paper (helps keep the game separate)
2. Game cards (printed on same colored paper as the game board)
3. Game markers of two different colors

DIRECTIONS: Players take turns choosing a place to cover on game board. Once they choose a spot, they will find the game card that matches the clock they choose.

If they choose the wrong game card, they must cover up an analogue clock that matches the card they have in hand.

(Do not place game cards back on the table. This forces students to use the cards that have words on them, not just the digital time game cards.)
