E-mail just the PDF

Claim this printable as your own

Post just the PDF on your blog, facebook page, ect

Sell or profit in any way from the PDF

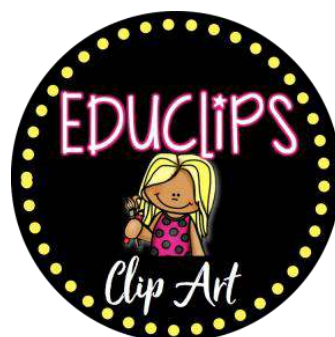

Superhero Two-Step Word Problems

Prep Work -

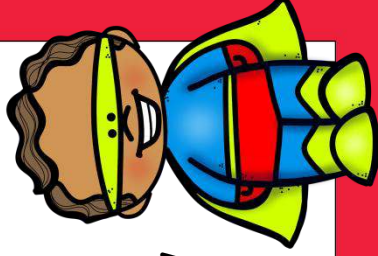

- Print off cards
- You can laminate and place them on a ring for a center or Print off enough for each student and have them glue them into their journals.
- Gather up crayons and pencils

Directions -

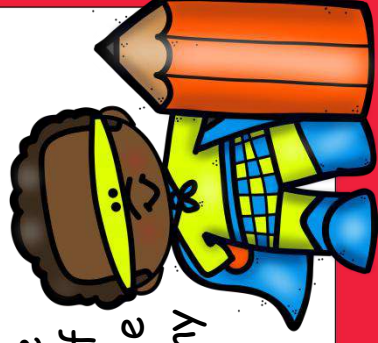

1. Have children solve the problems in their math journals.
2. Encourage them to model, show their work, and create an equation.

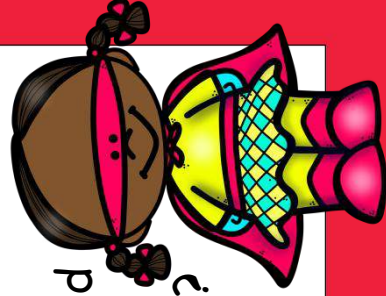

Susan has 29 superhero trading cards. She received 15 new ones from a friend and gave away some. She ended up having 37 cards. How many cards did she give away?

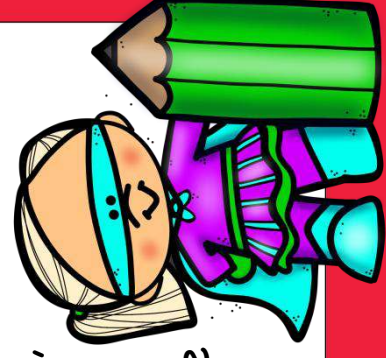

There are 215 people dressed as Superman, some are dressed as Batman, and 219 are dressed as Mario. If there are 539 people dressed up, how many are dressed as Batman.
